Connection Elements for HVI long Conductor

HVI LO ASS RIV KF V2A (819655)

Dimension drawing

Two connection elements for sealing the HVI long Conductor at both ends. A connection element for implementing the sealing end of the conductor in the supporting tube (head piece) and a connection element for connecting to other parts of the external lightning protection system or earth-termination system (including two heat-shrinkable sleeves).
These connection elements can be used with HVI long supporting tubes.
