Anybus-M EtherNet/IP Scanner Interface

Item number: AB5057-C

The Anybus-M EtherNet/IP Scanner interface allows easy implementation of an 10/100Mbit EtherNet/IP Scanner interface into industrial devices. The module support up to 64 adapters (slaves). The configuration of the EtherNet/IP network is done with a built in web interface or with an external configuration tool (Studio5000).

Features and benefits

Anybus-M EtherNet/IP Scanner Interface

General

Net Weight (g)	29
Packed Weight (g)	29
Warranty (years)	1

Identification and Status

Product ID	AB5057-C
Country of Origin	Sweden
HS Code	8517620000
Dual Usage	No
Export Control Classification Number (ECCN)	EAR99

Physical Features

Contains Battery	No
