Anybus CompactCom 40 Starter Kit - Module

Item number: 023200-B

The Anybus CompactCom Starter Kit enables evaluation and demonstration of different applications and use cases in a Windows environment. It offers instant access to CompactCom when combined with Anybus' Host Application Example Code. Please note, Anybus CompactCom Modules must be ordered separately.

Evaluate the CompactCom Module and its API before starting your integration

Features and benefits

- **Comprehensive evaluation**
  Enables thorough evaluation of Anybus CompactCom capabilities and all of its host communication interfaces.
- **Evaluate from a Windows PC**
  Connects to a Windows PC via the included USB cable and Anybus' Transport Provider software.
- **Network flexibility**
  Facilitates trying out different network combinations.
- **All-inclusive package**
  Includes essential boards, adapters, and cables for evaluation. CompactCom Modules are sold separately.
- **Get started quickly!**
  The Host Application Example Code includes a Visual Studio project ported for Windows.

Anybus CompactCom 40 Starter Kit - Module
